# CLIMATE SMART GARDINER RIVERKEEPER SWEEP

## Riverkeeper Sweep!

We will have a walking crew who will be cleaning up along the Walkkill River banks.

**Needed:** Experienced canoe teams with their own canoes, paddles and PFDs to paddle and gather trash along river.

Great way to take action and build our community.

## Youth Task Force in Action

Learn more about the value of our own local environment.

There will be a specific project for the Task Force.

**On the day of the sweep, please wear boots and bring a pair of work gloves.**

## Sign-Up

Please **RSVP by April 6th** to Rebecca Carucci on our Climate Smart Gardiner Facebook page or email at [reb747505@gmail.com](mailto:reb747505@gmail.com).

Registration with Riverkeeper will be required as well and Rebecca will provide those instructions.
